Letter of Digital Accessibility Conformance

April 18, 2023

P3 Software
Tower 4 Fumbally Court
Fumbally Lane, Dublin 8, D08 KH52
Ireland

A360 Enterprises, LLC (Allyant) is an expert in digital accessibility auditing, testing, consulting and training. P3 Software has engaged Allyant to test and evaluate the accessibility of P3 Software's platform with a homepage located at https://bookings.oldbankhotel.co.uk/search-rates.

Allyant performed live-user accessibility auditing, including but not limited to testing by individuals with disabilities using assistive technology, combined with digital testing tools, on a representative sample of pages of P3 Software's website. The accessibility audit was completed approximately May 13, 2022.

As of our Quality Assurance testing on April 10, 2023, our live-user accessibility testers did not encounter any accessibility blockers that would deny a user using assistive technology from accessing the main content and functionality. The following is the professional opinion of the Allyant testing team:

- The live-user accessibility testers were able to successfully access, use, and navigate the website.
- The website substantially conforms with Level A and Level AA of the Web Content Accessibility Guidelines (WCAG) version 2.1.
- P3 Software has addressed all significant issues that are in their control including owned source code and content within the scope of the project.

In addition, P3 Software has retained Allyant to provide ongoing accessibility live-user reviews (remediation support and QA testing) of https://bookings.oldbankhotel.co.uk/search-rates. With this in place, Allyant will perform ongoing accessibility testing and support of selected elements of the website, including live-user testing on a regular basis.
